THE FIRM

Who We Are

WYZ are a certified, multi-disciplinary Accounting and Auditing firm, licensed by the Saudi Ministry of Commerce and under direct supervision of the Saudi Organization for Chartered & Professional Accountants (SOCPA), as well as representing a diverse client base in a variety of industries.

Our expertise and resources provide the highest-quality in Assurance Services, Zakat & Tax, Business & Financial Advisory, Business Process Outsourcing, Business Restructuring and Risk Advisory services to numerous entities in the private sector, public and governmental entities, non-profit organizations and individuals.

As a firm with immense experience in handling multinational industries, we offer a full spectrum of services designed to assist our clients in creating strategies to overcome challenges and thrive in today's global economy.

Our strategic affiliation with global, top-notch, financial and business advisory firms allows us to provide our clients with an extensive variety of approaches in accounting, auditing and business solutions that adhere to the highest professional standards of quality.

We are a highly-skilled team of ambitious business professionals, determined on personal integrity, dedicated to render quality services to our clients and the public.

We provide this quality service to our valuable client through an effective and responsive personally led relationship. This relationship is constructed on understanding and caring for our clients' business. Whatever the nature of their organization, private or public. Our partners and staff invest the necessary time needed to be acquainted of our clients' business thoroughly, making it easy to identify solutions and make a real contribution to the profitability and efficiency of your business.

Our advisory approach is designed to support the deal decision-making, negotiation, and eventually, post-announcement planning and execution, mainly targeting valuation-related aspects of the deal. We have broad experience in working to provide guidance and detailed insights about the in-scope target.
